Sub:- Conduction of UG 5th semester examination through online mode or to promote the students to the next semester.

Sir,

With due respect, we the undersigned, write to inform you the following few sentences for your kind and compassionate consideration.

We are the students of +3 final (2019-Admission batch) want to convey that, due to the late decision of higher education department: our 3rd semester examination was delayed and was conducted in the month of August 2021 which was the time for conducting classes for 5th semester examination. Due to the delay in conducting of 3rd semester examination we are getting very less time for our next semesters. Our college was closed from 10th January 2022 due to the third wave of covid and physical classes resumed from 7th February 2022. We were taught only two months for our 5th semester examination.

As per latest guideline of UGC the examination can be conducted through online/offline/blended mode. But the respected principal secretary of higher education department has directed to conduct the examination in offline mode. Generally, a student needs a time period of six months for the preparation of the semester examination. We can't afford further postponement of the examination. If the academic year will be extended we will be exempted from appearing some entrance examination and to get admission in any other state or central university. As we have not got enough time for the preparation we request to conduct examination through the online mode or to promote us to the next semester by alternative evaluation method as we have left very less time for our final semester.

Therefore we request you to kindly look after this issue and to take necessary actions for conducting the examination through online mode or to promote us to the next semester for which act of kind we shall remain grateful to you.

Yours obediently
